

JACE's energetic live performances (formerly Jace One), club remixes, and open format mixing style has risen him to be one of the top global performing DJs.

JACE is originally from Los Angeles-raised of hip-hop, funk, reggae, and electronic dance. With the emergence of dance music, and remaining true to an open format style of live turntablism mixing – JACE continues to open up for world-famous artists including Kaskade, Afrojack, Lil Jon, Steve Aoki, Diplo, Skrillex, and much more.

The combined tastes of open format genres and energetic live musical performances have set the pace for JACE to shine on the Las Vegas platform. JACE'S high-energy dance remixes and big room club tracks continue to rock dance floors across the nation. JACE has also made noise on the Las Vegas streets performing as a live on-air mixer on the popular KVEG Hot 97.5 Friday night radio shows.

JACE is an amazing talent. His DJ sets are always full of energy, and he has established himself as one of the premier artists in Las Vegas.
